Cobblestone Productions Presents . . .

Over the course of the past year students at the University of Montevallo were treated to a variety of entertainers. Besides the usual concerts there was a comedian, a juggler, and a hipnotist. Ron Darian, winner of Star Search, is a fast rising new comedian on the American scene. James Mapes provided an evening of fascination and fun when he gave an introduction to hipnotism and then demonstrated on some of Montevallo's very own. Chris Bliss is probably one of the worlds most famous jugglers. He has opened for Asia and The Jacksons.

Otis Day And the Animal House Band

The major concert of the fall semester was Otis Day and the Animal House Band. This group was formed for the movie *Animal House*. They have temporarily regrouped and are touring the country. This hard rocking band performed such old favorites as "Shamalama Ding Dong", "Louie, Louie" and "Shout". Birminghams own 24 Karat opened for Otis.

Steve Landesburg

The major concert of the year was given by Steve Landesburg, star of the hit television series *Barney Miller.* Steve gave an evening of stand-up comedy, anecdotes, and personal philosophy. Palmer Auditorium was filled to near capacity by students and other guests, all of whom were pleased with the performance. Mr. Landesburg even gave the audience a chance to ask questions at the end of the show. Opening for Mr. Landesburg was a fast rising New York comic, Mike Rynolds. Mike gave a hilarious stand-up comedy act that had everyone rolling. With his fast-paced comedy and wit it should be long till Mike hits the "big time".

Telluride

Telluride is a five-man band from Birmingham, Alabama whose hard-charging, no-nonsense approach to music has earned them a permanent place in the hearts of their listeners.

The five talented musicians—Rick Carter, guitars, keyboard, and vocals; William "Moose" Harrell, guitars and vocals; Robert Churchill, drums and vocals; Kevin Derryberry, keyboards and vocals; and bassist/vocalist Scott Walker—walk the line between being inventive and modern and remaining true to their southern musical roots.

This is evident in their sound, where underneath the hard rock edge lie the subtleties of R & B, reggae, soul, and country rock. Combining these influences, Telluride performs a brand of music that generates a party atmosphere people can't resist.

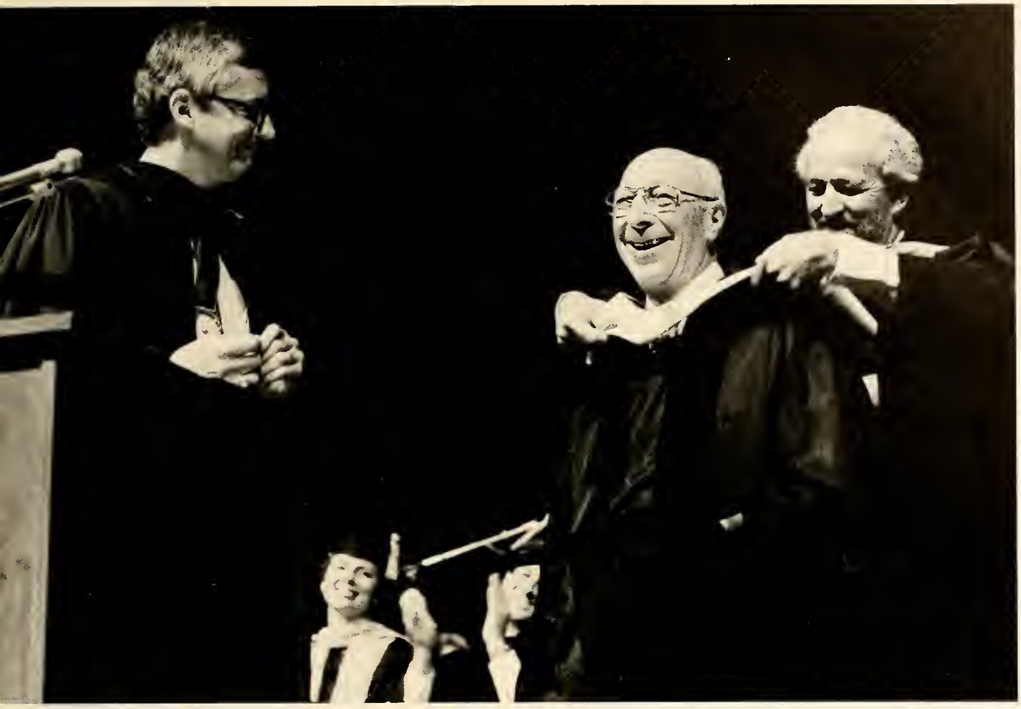
Founders Day

"Our American Heritage" was the theme of the University of Montevallo's 89th Founders Day celebration. Activities included musical salutes to Abraham Lincoln. UM President Jim Vickrey narrated the selection and Dr. John W. Stewart (Bottom Left), dean of the College of Fine Arts, conducted the UM Wind Ensemble. An honorary Doctor of Humanities was awarded to former State Sen. Paschal P. "Pat" Vacca (Top Right). Vacca was honored for his many years of service to the University and the State. His contributions to UM include the funding of the Vacca Traffic Safety Center and an SGA emergency loan fund for students, as well as the creation of an Eminent Scholar Chair of Liberal Arts. Dr. Jack Hamilton was chosen as the University Scholar (Middle). Jerry Bullock was robed by Dr. Vickery in the traditional robing of the Seniors ceremony. (Far Right)



Mark and Brian UM's Ghoastbusters

In search of the supernatural, Birmingham radio personalities Mark Thompson and Brian Phelps spent Halloween Eve in one of Alabama's most famous haunted houses, the King House. Thompson and Phelps spent the night at the house and broadcast intermittent progress reports on the radio. Halloween morning they did their usual show live from the King House. Kathryn Windham, the author of '13 Alabama Ghosts and Jeffery' suggested the King House as a likely spot for ghost hunting. The King House is the perfect site in which to search for ghosts and goblins and coins that go clink in the night. Edmund King, the home's original owner, reportedly buried a sack of gold on the grounds to prevent losing it to Yankee looters. He died shortly thereafter and the gold was never found—at least not by mortal souls.

Senior March

Last fall, like so many others, the Senior March Queen, Byrd Johnson, hid the crook, yet the underclassmen failed to find it. So one unexpected midnight the chimes struck a chiming thirteen times. Nervous girls sat in their darkened rooms awaiting the unknown horros of Senior March. The chimes played "Pray for the Dead" as the Senior Marchers snatched girls from their rooms. The seniors were clad in black cloaks and had white ghoastly faces. The girls walked in single file to the basement of main for initiation. Anne Crogley was choosen as next years Senior March Queen.

Something Different For Dinner

Each semester the RHA organizes Something Different for Dinner. For this Special event the cafe is transformed into an elegant dining room complete with soft music, fine table ware and candle light. This evening gives students a chance to dress-up and dine on an extra-special meal. We all appreciate the hard work the RHA puts out for this evening that gives us all a chance to break away from the everyday routine and really step-out for dinner.

International Food Fair

In an effort to promote international relations and tastes the foreign students at Montevallo sponsor the International Food Fair. This gives the American students a chance to experience the varied culture of the foreign students, while enjoying an evening of fun, food, and entertainment. It is an experience valued and appreciated by all those who participated.

Information Fair

Here at the University of Montevallo there are a large number of clubs, organizations and services available to students. So many in fact that a person could wear themselves out just trying to get information about them. In an effort to help students and organizations get together there is an information fair held each semester. Booths are set up by the organizations and dinner is served cook-out style on the Tut. Quad. This provides an afternoon of fun and information for all students.

SGA Spruce-up Day

One of the Student Government Associations many campus services is Spruce-up Day. A group of volunteer students take time out of their busy schedules to "spruce-up" our campus. This is a greatly appreciated service that keeps our campus one of the most beautiful in the state. Everyone who participates deserves a special thank you.

Alan Daviau

Students and faculty at the university of Montevallo played host to visiting artist Allen Daviau, member of the American Society of Cinematographers. Daviau's visit was a courtesy of the Academy of Motion Picture Arts and Sciences. Daviau is a respected cinematographer (also known as director of photography) with film credits including Steven Spielberg's *E.T.* and *The Color Purple*. He spent much of his three days visit discussing his camera techniques and answering students' questions about his craft and the movie industry in general. During his visit the Motion Picture Academy announced Daviau as a contender for the Best Cinematography Oscar for his work on *The Color Purple*. The film was nominated for 11 awards. Daviau and Spielberg worked together in the late sixties on independent projects such as their first 35 millimeter *Amblin* (which is now the name of Spielberg's Entertainment company). UM students viewed this almost legendary film with Daviau explaining the premises behind the film and what it did for their careers.

Dean Rusk

Former Secretary of State Dean Rusk visited the University of Montevallo Sept. 18-19th. He addressed the public on "United States and Soviet Relations". Dean Rusk's work with the Department of State began in 1946 after service in the Army during World War II. He became assistant chief of the Division of International Security Affairs and was later named assistant to the Secretary of War. In 1950, Rusk became Assistant Secretary of State for Far Eastern Affairs. After serving eight years as president of the Rockefeller Foundation, he was appointed by President John Kennedy in 1961 as the 54th Secretary of State, a role he continued during the Johnson administration. He presently serves on the advisory committee of the Arms Control and Disarmament Agency and the State department's Law of the Sea committee.

Preservation Hall Jazz Band

The unmistakable sounds of Dixieland jazz drifted from the stage of Palmer Hall as the world-famous New Orleans Preservation Hall Jazz Band played to a well-filled audience.

Seven men—some in the 70's and 80's—made up the band, which performed a variety of familiar songs ranging from the upbeat clarinet arpeggios of "Tiger Rag" to mellow banjo-picking "Basin Street Blues", and many others, including a piano feature, "Great Big Handful of Keys".

Two standard favorites were played at the conclusion of the program. "Just a Closer Walk With Thee" featured a soft, almost prayer-like trumpet solo played by Wendell Brunions.

And the evening was capped off when two of the players led members of the audience in a march around the auditorium to the beat of "When the Saints Go Marching In".

The Special Olympics gives university students an opportunity to work with the Montevallo community in providing a day of fun and recreation for some very special people. Although the awards are not real bronze, silver and gold, they are worth just as much to the participants.

Faculty

President Jim Vickrey

Establishing "the new standard in value of education" is the distinction President Jim Vickrey promoted to the world in and around Montevallo regarding the 1985-86 academic year at UM. During his eighth year of service to the bricked-street campus, Vickrey sought to maintain UM's reputation of quality education at an affordable price while still emphasizing the importance of recruiting serious and professionally-minded students, as evidenced by the increase in the average ACT score of UM's freshmen.

Dr. Vickrey also brings a unique style to the time-consuming and sometimes thankless office of the president as he is able to enjoy and act on his extreme fondness of movies. The Auburn University graduate not only teaches a class on great American films but also writes *Reel World*, a publication of movie reviews and news of the industry. He is able to further his hobby by appearing on *Tom York's Morning Show* as a movie critic.

Candi Nicholas
Hitter, Senior

Senior hitter Candi Nicholas of Montevallo has been named to the 10-player NAIA All-American volleyball first team. The selection marks the second straight season for the Mobile McGill-Toolen product to be honored as an All-American. She made the 1984 second unit.

Nicholas, who was the NAIA District 27 Player of the Year and a member of the NAIA National All-Tournament team, broke six University of Montevallo volleyball records this season as the Lady Falcons finished with a 49-13 record. Recorded in the Nicholas scrapbook were standards for kills in a match (37), kills in a season (758), total attacks in a season (1560), single season attack percentage (.353), digs in a season (859) and digs per game (5.0).

"I'm very excited about being selected," Nicholas said. "I was excited last year when I was named to the second team."

"Making the team gives me a sense of accomplishment inside," she said. "I've always wanted to play my best and by achieving this I feel like I have."

UM head volleyball coach Bev Warren was more specific about her initial first team selection in nine years as the coach of the Lady Falcons.

"Candi is one of the best to ever play the game," Warren said. "She has taken a great amount of talent and combined that with the intensity to use it to the fullest. That combination is very hard to find."

The Student Government Association serves a very important function. It is through this organization that the students may voice their opinions and concerns for the decisions and policies of the University. This year's SGA did a fine job of representing the student body. The SGA also provides entertainment and assistance to the students.

Association of International Students

The Association of International students was organized to help students from other countries adjust to their new environment. They also help with community and promote the interest of international students. Some of this year's functions have included two food festivals, trips to places of interest in Alabama, and shopping trips.

Membership in the Association of International Students is extended by invitation to any student who is a citizen of the host country and who has demonstrated an interest in the Association of International Students.

Alabamian

The *Alabamian* achieved national recognition by receiving a second-place award in a competition with other college newspapers. Housed on the first floor of the tower, the *Alabamian* staff spent countless hours—even a few all-nighters—putting together each issue. This year, for the first time, all section editors were paid. However, a very special thanks is due the staff writers and others who volunteered their time to contribute to the paper.

Alpha Epsilon Rho

Alpha Epsilon Rho is the national broadcasting society with 97 chapters across the United States. The purpose of the organization is to help bridge the gap between college and the professional broadcasting world.

The University of Montevallo chapter, whose membership requirements are a 3.0 minimum grade point average in Mass communications classes and a 2.5 cumulative GPA, mirrors the image of the society as it continues to see greater success with each new academic year. The 1985-86 year is no exception with such activities as the Fall Lecture Series which brings professionals to campus to conduct presentations in areas such as corporate TV and feature reporting. Members also gain hands-on experience from participating in projects like the Birmingham International Educational Film Festival, the Montevallo Communication Services newscast, and the taping of such events as the Student Government Association Candidates Forum and the theatre department's production *Waiting For Godot.*

However, AERho is not all work and no play as members enjoy touring Birmingham stations; playing host at meetings to such distinguished guests as Allen Daviau, reknown cinematographer for such films as The Color Purple and E T, The Extra-Terrestrial. They also traveled to Dallas for the national convention.

For '87 AERho has eyes set on a big membership drive, hosting the regional convention for the South, and becoming even more involved with the national charity, Tourette Syndrome Association.

Alpha Delta Pi Believes in its motto, "We live for each other." Seventy sisters make up this sorority. ADPI was the first national sorority founded with chapters all over the United States and Canada. The Zeta Delta chapter of ADPi is proud of its traditions and continues to build on them. ADpi's national philanthropy is the Ronald McDonald House and they support it through activities such as the annual Hula Hoop-a-thon, Kidnapping of the Presidents, and other on campus activities. They also participated in the cystic fibrosis stair climb. The ADPI's are also involved on campus. They won the greek basketball and softball intramural championship. They also placed second in Greek Week. Social activities for the year were the "Some Guys Have All the Luck" theme party, the Boxers and Bowties Fall Formal, The Black Diamond Ball held at the Peachtree Plaza in Atlanta and the Bermuda Bash '86. Alpha Delta Pi has become a leader on campus known for its diverse sisters.

Alpha Delta Pi

Alpha Gamma Delta

As Always, Gamma Upsilon chapter of Alpha Gamma Delta worked diligently to make 1985-86 a successful year. Active participation in campus organizations, professonal fraternities, Montevallo Masters, and College Night contributed to the outstanding year. This participation was also reflected in the service the Alpha Gams showed toward UM, the Speech and Hearing Clinic, Juvenile Diabetes Foundation, Cystic Fibrosis, and other needy causes.

Through all of this, though, the "Gams Still Jammed" at our "Fall Overboard" Fall Party in Montgomery, our Christmas Party, Three fraternity mixers, and a "Secret of Association" Spring Formal at the Birmingham Hilton.

The bonds of sisterhood that we so strongly reinforce help us to grow as individuals and as a sorority. Alpha Gamma Delta makes those college years a little bit easier—and a lot more fun!

Alpha Kappa Alpha

Lambda Chi Alpha

The Brothers of Lambda Chi Alpha were extremely pleased with the 1985-86 academic year. It was the most exciting and rewarding in recent history and has paved the way for an even greater future. We began the year by sending our president, Jarrell Hall, to the national leadership conference held in Columbus, Ohio at Ohio State University. An incredibly successful fall rush was topped off with the Formal Rush Party at the Radisson Inn atop Red Mountain.

Among the numerous social activities were the Hawaiian party, the Country Club party, the Halloween Bash with the Phi Mu's, and a Super Bowl party.

The high point of the year was, without a doubt, the Ritual exemplification, at which 7 new members were joined into the bond of brotherhood. We ended the year with the annual Alumni Bar-B-Que which brought Brothers from across the years back "home" to Montevallo.

Corinne Miller

The staff would like to dedicate the 1986 Montage to Corrine Miller. Mrs. Miller has served the University through the Department of Faculty Student Services. As her retirement nears we will miss her, but we realize she needs a break from broken copiers, rushed deadlines, and people who insist on giving her the wrong change.
